

# GROUP PROGRAMS 2022

**FLourish**  
Speech Pathology Services

## COMPASS LEARNING PROGRAM (FROM 2 TO 6 YEARS)

The Compass Learning Group is an early intervention program run by Speech Pathologist to provide children between 2 to 6 with skills across all areas in their life so they can experience an all-rounded learning. It is most suitable for children and families who have multiple goals and areas to include in the intervention.

The program is conducted in a small group with between 2-3 participants in one group so therapist can provide highly intensive input to each of the participants. Learning with peers in a group environment also create a positive and motivating learning experience. The participants will be grouped according to their developmental age, level of skills and interests.

Accept intakes throughout the year. Visit Flourish website for more details.
